PS101 MEDIA CENTER

Welcome to the *PS101 Media Center!*

During the month of *May*, grades 3-5 will work with our Renzulli Enrichment program and grade 6 will begin working on their final exit project. All grades will be exposed to keyboarding shortcuts. The last few minutes of every class will be spent on our typing skills.

WHAT IS "DESKTOP PUBLISHING"?

A keyboard shortcut is a sequence and or combination of keystrokes on computer keyboard that invoke commands in a software program. Some keyboard shortcuts require the user to press a single key or a sequence of keys one after the other. Other keyboard shortcuts require pressing and holding several keys simultaneously.
