Parent-Teacher Conferences Special Edition

Keyboarding Practice

During the months of September and October, students learned (grades 2-3) and reviewed (grades 4-6) the basics of keyboarding. Although we do spend some class time on keyboarding at some point during technology periods, extra practice at home is necessary to build the proper finger coordination for typing.

Allowing your child to practice their keyboarding skills several times per week using the 'Keyboarding' tab on the Media Center's web site will help them tremendously!

Choose from dozens of online tutorials and self-guided keyboarding practice—all for **FREE!**

<http://www.ps101mediacenter.com/keyboarding>

New Features on Mr. Hyman's Virtual Media Center

- **Reference Section:** Websites are geared for reference and research purposes. 6th grade students can even access their math textbook online!
- **Test Prep Section:** This section contains free, interactive web-based test prep categorized by grade level—a fun way to study!
- **Technology Tutorials:** Find out how your PC works, learn the secrets of Microsoft Office programs, and check out the "Little tech Bag of Tricks" for more tips.

Technology Goals

- Students will use technology tools to enhance learning, increase productivity, and promote creativity.
- Students will prepare publications and will produce other creative works such as slide shows.
- Students will use the internet to research information as well as a learning tool.
- Students will use web-based programs and tutorials to practice their keyboarding skills.

ARIS Parent Link

Through ARIS (Achievement Reporting & Innovation System) Family Portal, New York City families can see the same student information that educators can, empowering families to become powerful, informed advocates for our students and our schools. To access the ARIS Fam-

ily Portal, you must enter both a valid Student ID and a Family Portal password. Please keep your login information in a safe place to protect your child's private information. For more information please contact your child's classroom teacher or visit the Parent Link's FAQs page.

Visit www.ps101mediacenter.com/just_for_parentsaris for more information

*Please note that PS101Q teachers and administrators can track whether parents have or have not accessed their child's information.

Homework Board

Don't feel as if you are being left out in the dark! Keep track of your child's Technology homework and projects by visiting the Homework Board on the Media Center's Website.

Projects and important reminders are listed here and are updated frequently.
